

Introduction of KR Terminal Facilities

About Us

With highly experienced and qualified Personals, Kings Ring General Trading LLC started its business in refining of crude oil as a subset company of HB Holding with its facilities in Middle-East. The main target of our company is to play an effective major role in oil and Gas sector. Hence, aiming at performing activities in these fields including refining, storage, trading and distribution of crude oil and gas and related products. We offer some of our facilities to potential costumers include: 1- Tank Terminal AA, 2- Tank Terminal BB and 3- Tank Terminal CC

Tank Terminal AA: Introduction

Location: Sharjah / UAE

Total Land: 50,000 MT

Total Tank Capacity: 52,748 cbm

Number of Tanks: 8 units

No of Berth: 1- 14 meter depth, 1-7 meter depth

No of Pipeline Harbor: 4-12" CS and SS

No of Loading Pumps: 10

Electrical Load connection: 500 kva

Storage products: Condensate, Naphtha, Base oil, Gas oil etc.

Man power: 20

Tank Terminal AA: Tank Configuration

Tank No.	Roof	Dia.	Height	Capacity (cbm)	Cargo
AA-01	Fixed Cone Roof with internal floating roof	27.364	18.07	10651.786	white
AA-02	Fixed Cone Roof with internal floating roof	27.365	18.06	10671.587	white
AA-03	Fixed Cone Roof	27.364	17.97	10689.319	white
AA-04	Fixed Cone Roof	27.359	18.498	10693.032	white
AA-05	Fixed Cone Roof	13.301	18.02	2512.888	white
AA-06	Fixed Cone Roof	13.299	18.02	2507.826	white
AA-07	Fixed Cone Roof	13.289	18.02	2507.826	white
AA-08	Fixed Cone Roof	13.297	18.02	2509.932	white
Total Volume (cbm)			52748.562
